SUPPORT MARKET DEVELOPMENT

IGSHPA GEOTHERMAL TRAINING AND CERTIFICATIONS

NY-GEO and IGSHPA are collaborating to submit PON3981 to offer certified training in NYS. We will offer accessible and affordable options to advance geothermal trained and certified individuals in NYS.

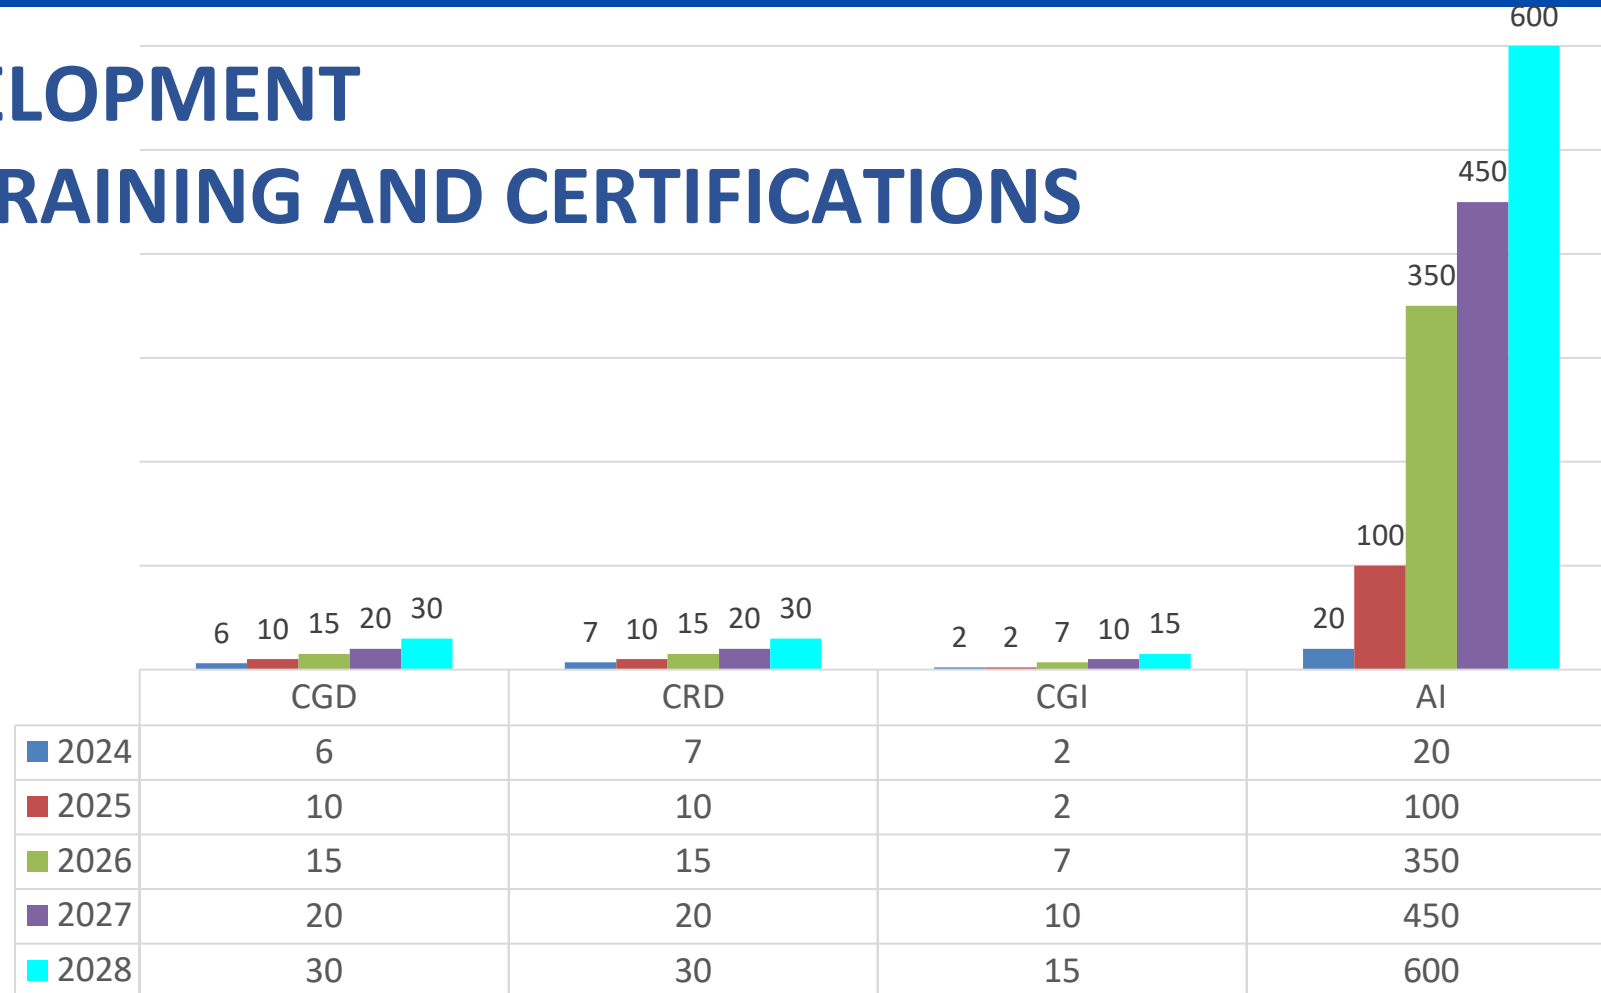

Current Programs:

- AI
- CGD
- CRD
- CGI

IGSHPA New Training Programs:

- Residential Service Technician – Basic*
- Residential Installation Technician
- **Selecting a Ground Source Heat Pump Team** is an IGSHPA course designed to guide architects, engineers/designers, building owners, client representatives, developers, project managers, and general contractors.

*When the program rolls out – AI numbers will decrease, and RST and RIT will increase as these programs are a gateway to AI.
